

STUDENT 1

Briana Thomas

I'm generally extroverted but I really value having quiet hours on weeknights so I can recharge. My OCEAN profile leans toward high openness and moderate conscientiousness — I like exploring Madrid, trying new foods, and finding hidden spots in the city. I keep my room reasonably tidy but I'm not obsessive about cleanliness as long as shared spaces stay respectful. I go to bed around midnight and I'm a light sleeper, so I prefer roommates who aren't noisy late at night. I'm comfortable around pets and wouldn't mind living with a dog as long as the place is clean. For studying, I work best in structured blocks and usually head to the library.

STUDENT 2

Lisa Williamson

I'm somewhere between introverted and extroverted depending on the week, but I prefer a calm home environment. In OCEAN terms, I score high on conscientiousness — I keep things clean and organized. I go to bed early during the week, around 11pm, and I'm a very light sleeper so loud noises disturb me. I'm fine with pets but I don't want them in my room. I like following routines and I plan most of my week ahead. I study best at home, especially early mornings.

STUDENT 3

Diego Herrera

I'm very outgoing and love having people over for small dinners or drinks. My OCEAN profile is high extraversion and high openness but low conscientiousness — I'm not messy but I'm definitely not structured. I sleep late, usually around 1–2am, but I'm a deep sleeper so noise doesn't bother me. I love dogs and would happily live with one. I study best in cafés with some background noise.

STUDENT 4

Maria González

I'm a quiet and introspective person, quite high in agreeableness and emotional stability. I like peaceful shared spaces and consistent routines. Cleanliness is important to me — I clean regularly and prefer roommates who respect that. I sleep around midnight and I'm a medium sleeper. I'm neutral about pets; dogs are fine if they're trained. I do most of my studying at home in silence.

STUDENT 5

Jonathan Lee

I'm curious and always exploring new hobbies, high on openness and extraversion. My

schedule changes weekly depending on classes. I'm moderately tidy but not overly strict. I sleep late, around 1am, and I don't mind background noise. I like dogs but wouldn't take care of one myself. I prefer studying outside the apartment so I don't mind a lively household.

STUDENT 6

Alicia Ramos

I'm moderately extroverted and enjoy socializing on weekends, but during the week I prefer calm evenings to focus on my studies. My OCEAN profile leans toward high conscientiousness — I keep things neat, especially in shared spaces. I usually sleep around 11:30pm and I'm a medium sleeper. I'm okay with dogs as long as they're not too noisy. I study best at home in the mornings with complete silence.

STUDENT 7

Nathan Collins

I'm highly introverted and value having my own space. I'm very organized and like sticking to routines. I'm an early sleeper, usually in bed by 10:30pm, and I wake up early. Noise bothers me easily. I don't want pets in the apartment because I'm allergic to dogs, so that's important. I study exclusively at home and prefer a quiet, clean environment.

STUDENT 8

Sara Martins

I'm easygoing, empathetic, and very flexible — high agreeableness and emotional stability. I don't mind noise unless it's extremely loud late at night. I'm neutral about routines and keep things moderately tidy. I sleep around midnight, and dogs are totally fine with me. I usually study in the library, so I don't need the apartment to be super quiet during the day.

STUDENT 9

Eric Dawson

I'm very social and enjoy hosting friends occasionally, but I always communicate ahead of time. I'm moderately clean, mostly in shared spaces. My sleep schedule shifts — sometimes midnight, sometimes 1am. Noise doesn't bother me much. I love pets, especially dogs. I study best on campus or in cafés, always with headphones.

STUDENT 10

Olivia Strauss

I'm introverted but warm — I enjoy one-on-one hangouts more than big gatherings. I'm very clean and detail-oriented, high in conscientiousness. I sleep early, around 11pm, and need

silence to fall asleep. I'm fine with dogs if they're quiet. I study both at home and in the library, but I need a structured routine to feel balanced.

STUDENT 11

Javier Moreno

I'm energetic and spontaneous, an extrovert who loves discovering new food spots. My space tends to get messy but I always clean up eventually. I sleep late, around 2am, and don't mind noise at all. I'm very friendly with dogs. I rarely study at home — I prefer being on campus with people around.

STUDENT 12

Leila Rahman

I'm calm, thoughtful, and organized. I like quiet evenings and a tidy environment. I'm not strict with routines, but I appreciate predictability. I sleep around midnight and prefer minimal noise. I'm comfortable with dogs but don't want them in my room. I study mostly at home and need silence to focus.

STUDENT 13

Tomás Ribeiro

I'm extroverted and often go out in the evenings. I'm moderately messy and not detail-oriented. I'm a deep sleeper, usually going to bed at 1am. I don't mind dogs — I grew up with them. I don't study much at home; I prefer the library. Noise rarely affects me.

STUDENT 14

Hannah Becker

I'm introverted and highly conscientious — I like everything clean and organized. I sleep early, around 10:45pm, and need a quiet environment. I don't like pets in the apartment because I'm sensitive to odors. I follow strict routines and study exclusively at home with complete silence.

STUDENT 15

Marco Silva

I'm friendly and adaptable, moderate on all OCEAN dimensions. I'm not very tidy but I respect shared spaces. I sleep around midnight and don't mind soft noise. Dogs are fine with me. I study wherever is convenient, sometimes at home and sometimes on campus. I like roommates who communicate openly.

STUDENT 6

Alicia Ramos

I'm moderately extroverted and enjoy socializing on weekends, but during the week I prefer calm evenings to focus on my studies. My OCEAN profile leans toward high conscientiousness — I keep things neat, especially in shared spaces. I usually sleep around 11:30pm and I'm a medium sleeper. I'm okay with dogs as long as they're not too noisy. I study best at home in the mornings with complete silence.

STUDENT 15

Marco Silva

I'm friendly and adaptable, moderate on all OCEAN dimensions. I'm not very tidy but I respect shared spaces. I sleep around midnight and don't mind soft noise. Dogs are fine with me. I study wherever is convenient, sometimes at home and sometimes on campus. I like roommates who communicate openly.

STUDENT 26

Clara Becker

I'm introverted, gentle, and very organized. I like a calm home and clean shared spaces. I sleep early, usually around 10:45pm, and I'm sensitive to noise at night. I'm okay with dogs as long as they're quiet. I study at home in the afternoons and need a quiet environment.

STUDENT 27

Mateo García

I'm extroverted and energetic. I enjoy having friends over but never without communicating first. I'm not very tidy in my own room but I keep common spaces clean. I sleep late — around 1:30am. Noise doesn't bother me. I love dogs. I study mostly outside the apartment.

STUDENT 28

Sarah Klein

I'm soft-spoken, moderately introverted, and like a tidy but not perfect home. I sleep at midnight and I'm moderately noise-sensitive. I like dogs but prefer small, calm ones. I study mostly on campus, so I don't need the home to be perfectly quiet.

STUDENT 29

Marco Bianchi

I'm lively, spontaneous, and love exploring new cafés. I'm somewhat messy but respectful. I sleep around 1am and am comfortable with moderate noise. I'm okay with dogs. I study outside most of the time and treat home as a place to relax.

STUDENT 30

Tara Mehta

I'm organized and conscientious. I value a clean apartment and structured routines. I sleep around 11pm and need quiet after that. I'm neutral about dogs. I study both at home and on campus, depending on workload.

STUDENT 31

Yusuf Ibrahim

I'm sociable and adaptive, neither too messy nor too neat. I sleep around 12:30am and don't mind some noise. I love dogs. I study mostly on campus and use the apartment to unwind.

STUDENT 32

Lena Kovacs

I'm introverted, calm, and careful about hygiene. I prefer predictable routines and clean shared spaces. I sleep around 10:30–11pm and need a quiet environment. I'm fine with dogs if they are quiet. I study at home most evenings.

STUDENT 33

Oscar Silva

I'm extroverted and friendly. I like to cook and occasionally invite a small group of friends. I'm decently tidy. I sleep around midnight and tolerate some noise. I like dogs. I study mostly in the mornings on campus.

STUDENT 34

Helena Fischer

I'm thoughtful and moderately introverted. I like a minimalist and clean apartment. I sleep around 11pm and am noise-sensitive. I prefer not to live with pets. I study almost exclusively at home and need quiet.

STUDENT 35

Juan Pablo Torres

I'm outgoing and adventurous. I'm not super tidy but I respect shared areas. I sleep late — around 2am — and don't mind noise. I love dogs. I study on campus during the day and usually relax at home at night.

STUDENT 36

Evelyn Morris

I'm introverted and highly conscientious. I keep a very clean home and prefer routines. I sleep around 10:30pm and need quiet after that. I like dogs but wouldn't want one in the apartment. I study at home almost daily.

STUDENT 37

Rafael Mendonça

I'm social and flexible, with a moderate tolerance for mess. I sleep around midnight. Noise doesn't bother me too much. I love dogs. I alternate between studying at home and campus, depending on deadlines.

STUDENT 38

Sophie Dubois

I'm quiet, warm, and organized. I prefer calm environments and light routines. I sleep around 11:30pm and am sensitive to loud noise. I like dogs but prefer not to live with one. I study mainly at home.

STUDENT 39

Nico Valverde

I'm spontaneous, talkative, and very extroverted. I'm messy in my personal space but always respectful of common areas. I sleep late — around 1:30am. Noise is not an issue. I love dogs. I study mostly outside the home.

STUDENT 40

Maya Hoffman

I'm balanced — slightly introverted but social when comfortable. I keep shared areas clean. I sleep at midnight and prefer moderate noise levels. I'm okay with dogs. I study at home a few days per week and on campus the rest

STUDENT 41 — *Camila Moreira*

I'm extremely organized and tend to deep-clean once a week because it calms me down. I wake up early (around 6:45) and go to bed by 22:30. I don't like loud apartments — sudden noises make me anxious. I don't mind dogs but prefer they don't shed too much. I usually study in long focused blocks at home, with noise-canceling headphones. I dislike last-minute changes to house plans; I like knowing things a day in advance.

STUDENT 42 — *Owen Marshall*

I'm laid-back and friendly, and I prefer a "lived-in" apartment that isn't spotless. I'm a night owl — usually asleep around 2:00. I do bring friends over sometimes, but never without asking. I love dogs, especially big ones. Noise isn't a problem for me. I switch between studying at cafés and campus, and rarely do academic work at home. I'm spontaneous, so my schedule changes daily.

STUDENT 43 — *Anisa Rahman*

I'm quiet, empathetic, and a creature of habit. I wake at 7:15 and sleep by 23:00. I'm extremely sensitive to noise in the early morning but don't mind talking or music in the evening. I prefer homes without pets due to allergies. My room tends to get cluttered when exams hit, but I always keep shared spaces polished. I study at home with classical music in the background.

STUDENT 44 — *Diego Souza*

I'm energetic and always on the move. I hit the gym early, so I'm out of the house by 6:00. I sleep at midnight. I'm moderately tidy — shared space clean, personal space chaotic. I love

dogs and don't care about barking. I often cook large meals and share them. I study mostly on campus. I like having people over for football games once or twice a month.

STUDENT 45 — *Freya Nilsson*

I'm introverted but warm. I keep an impeccably minimal home. I sleep around 23:30. I'm very sensitive to clutter and prefer an apartment where things have designated spots. I dislike dogs inside the home — fur triggers my asthma. I study at home every night, usually with tea and quiet Scandinavian music. I prefer roommates who communicate conflicts calmly rather than avoid them.

STUDENT 46 — *Jinwoo Park*

I'm neat, polite, and prefer stability. I cook often and clean immediately after. I sleep early, around 22:00, and I'm extremely sensitive to noise after that. I'm neutral toward dogs — I'll help care for them but wouldn't adopt one myself. I study exclusively on campus because I associate home with rest. My main stressor is people who change shared rules without warning.

STUDENT 47 — *Elena Caruso*

I'm bubbly and talkative, and I'm not very good at keeping my room tidy, but I'm great with shared areas. I fall asleep around 1:00 but wake early for Pilates. I love dogs, especially small ones. I like having 1–2 friends over for wine nights weekly. I study in the library because I get distracted at home. I'm very open and need roommates who can be honest back.

STUDENT 48 — *Rohan Patel*

I'm calm, introspective, and rarely host guests. I sleep at 23:00, wake at 7:00. I'm tolerant of moderate noise. I enjoy dogs but prefer well-trained ones. I study at home on weekends and on campus during the week. I maintain a medium level of tidiness — not spotless but definitely not messy. My biggest pet peeve is dishes left in the sink overnight.

STUDENT 49 — *Giulia Romano*

I'm expressive and emotional, but also responsible. I sleep around midnight and wake around 8:00. I'm moderately tidy — I deep-clean when stressed. I love dogs but can't handle strong smells in the apartment. I study in cycles: one week mostly at home, the next mostly outdoors. I often cook Italian food and share it, but I hate roommates who never replace shared items.

STUDENT 50 — *Daniel Foster*

I'm quiet, introverted, and very focused. I sleep at 22:30 and wake at 6:30. I dislike noisy homes and get irritated by unexpected guests. I'm okay with dogs but prefer apartments without pets. I study long hours at home and need a stable, predictable atmosphere. I keep everything extremely tidy — almost minimalist.

STUDENT 51 — *Mireia Soler*

I'm cheerful and very flexible. I sleep around 00:30 and wake slowly — don't talk to me before coffee. I'm moderately tidy. I love dogs and don't mind cleaning after them. Noise doesn't bother me. I study at cafés because I like background chatter. I'm very spontaneous with plans and often decide things last-minute.

STUDENT 52 — *Elias Schneider*

I'm quiet but athletic. I wake at 5:45 to run, so I sleep by 22:00. I keep the apartment clean and organized. I'm sensitive to loud noise after 21:00. I like dogs but prefer not to have pets because I'm rarely home during the day. I study mostly at the library. I communicate very directly and prefer avoiding passive-aggressive behavior.

STUDENT 53 — *Amélie Laurent*

I'm creative, dreamy, and a little chaotic. My room is messy but I always clean shared spaces on Sundays. I fall asleep at 1:00 and enjoy soft music at night. I absolutely love dogs. I study at home late at night and in cafés during the day. I need roommates who don't mind an unconventional schedule.

STUDENT 54 — *Jack Thompson*

I'm practical, calm, and low-maintenance. I sleep around midnight and wake around 7:30. I'm moderately tidy. I'm comfortable with dogs unless they bark constantly. I study on

campus and treat home as a quiet retreat. I don't like people leaving lights on or doors open — small things bother me.

STUDENT 55 — *Nina Petrova*

I'm introverted, analytical, and very private. I sleep at 23:00. I'm extremely tidy — everything has a place. I dislike loud noises and unexpected guests. I'm indifferent toward dogs but don't want to live with one. I study exclusively at home, often until late, and need a calm environment with clear boundaries.
